

DEBTORINF

Get your cash flow and compliance issues sorted

We are proud of our 24 year history

Since 1996 when we were asked to provide MTA members with a system that would prioritise payment of their accounts receivable, without incurring loading fees and commission, we have delivered that service, plus added another 17 services they have asked for since, not just to MTA members but to all trades, professionals and businesses.

Services we provide

1. Job Instruction Sheets

Job Instruction Sheets are filled out by your customer, but more importantly contain terms and conditions that your customer can read and agree to either in person or by email.

2. Payment Agreements

If you decide to release property or a vehicle to your customer without full payment you should get them to fill out a payment agreement.

3. Deferred Payment Agreement

A deferred payment agreement sets out the 'terms of payment' when a customer wants to take possession of goods with a deposit and a promise of the balance to come.

4. Credit Application Forms

It is important to have the correct paperwork in place when extending credit to your customers.

5. Debt Tracking & Collection

Tools to track customer or company bills they owe to you, manage their credit status and take debt collection actions. The system lets you add late payment fees, and if they are paid you get to keep

6. Quotes and Estimates

A simple to use interface to help with creating quotes and estimates.

7. PPSR

The Personal Property Security Act changes the way we do business and affects every business in some way. It means you register ownership over goods you supply. It is easier for some businesses than others, but you should check with DedtorInfo what protection the PPSR gives you.

8. Company Information

If you have a company applying for credit, and need to verify company details.

9. Property Information

Sometimes you may require information about a Property.

10. Checking for Insolvency

When a company or customer claims insolvency, you need to be able to follow up their claims in order to determine if they are telling the truth.

11. Disputes Tribunal

Do you have a client or customer who refuses to pay their accounts on the basis of a dispute? We help.

12. Taking Legal Action

By using information and forms you can take action through the Court yourself. We've made the process simple and easy, so don't let the prospect of going through the Courts deter you.

13. Consumer Law Reform Bill

Change this information is a matter of public record but knowing where to find it is an advantage to Debtorinfo subscribers.

14. Health and Safety

Health and Safety requirements for your business has changed as of 4th April 2016. Not sure what to do? We're here to help if only for your safety signage and notices.

15. Privacy

The issue of Privacy, and the obligation your company, has to ensure that you do not violate the Privacy Act is an important issue.

16. Terms of Trade

You must display a notice clearly informing customers of your terms of trade. We have a range that you can print.

17. Retention Audits

The way builders account for retentions changed on 31 March 2017. The law was changed to protect sub-contractors funds from other creditors or a company receiver, we can ask contractors to identify your money.
