# Annual wage and salary survey

[MasterElectricians.org.nz](https://MasterElectricians.org.nz)

# Introduction

The annual Master Electricians Wage and Salary Survey provides valuable insights that support the growth of your business. Master Electricians collects this data to provide members with the latest and most up-to-date overview of wage and salary benchmarks tailored to individual roles within the industry. This valuable information enables you to assess your remuneration and charge-out rates in comparison to industry standards at both a national and regional level.

Understanding the current wage landscape is crucial for making key business decisions. Whether you are considering expanding your workforce, retaining valuable employees, evaluating promotions, or negotiating contracts, having access to reliable salary data enhances your decision-making capabilities. By leveraging this information, you can strategically align your business practices with industry norms, ensuring competitive remuneration and charge out rates to position your business for success.

Please note the results of the survey are average rates compiled from each region. This does not represent the opinion of Master Electricians and should be used as a guide only.

While every effort has been made to ensure the accuracy of the contents of this publication, Master Electricians shall not be liable to nor accept any responsibility or liability for any action taken or for any error contained in, or omission from, this publication.

When there has been not enough data received for a region, the national average data has been used.

Data collected May 2025.

All prices displayed in this report are excluding GST.
